

Proud to serve our customers and excited to work toward the end of the pandemic. We are here to serve you!

The Harvard State Bank's digital footprint expanded as we began running ads on Google and Facebook toward the end of 2020. We also provided information in the form of postcards helping educate residents on how we can help and why banking with us is a great solution.

Many banks look and sound the same, but there really is a difference. The Harvard State Bank provides many helpful solutions at no additional costs to our customers including:

- Mobile Banking with Mobile Deposit providing same day availability of funds (if done prior to 4 p.m.)
- Person-to-person (P2P) payments making easy to send and receive money
- Access to reset your debit card PIN and online banking password
- Online account opening access

Our digital banking solutions are just a few of the services we offer. From ID protection to a knowledgeable and caring staff, we have it all. Check us out at www.webhsb.com and [download our app](#). We look forward to seeing you and thank you for your business!

Best regards,

Phillip Lehmann

President and CEO
